OUR BEST PRACTICES

EXAMPLES OF ACTIONS TO PROTECT THE RESOURCE

Our company scrupulously complies with operating specifications. It is fully committed to reforestation efforts.

EXAMPLES OF ACTIONS TO PROTECT WILDLIFE

We fund forest administration intervention operations after the presence of poachers has been detected by our surveillance team.

EXAMPLES OF ACTIONS IN FAVOUR OF THE INDIGENOUS POPULATIONS

We have funded the development of roads, the construction of drinking water points, the building of community huts, the construction of classrooms and the supply of pharmaceutical products to health centres, all within the Eastern Region.

EXAMPLES OF ACTIONS IN FAVOUR OF EMPLOYEES

We are developing a training policy for youths... We support our employees who wish to build their own home. We promote social actions among employees through a mutual insurance fund created in the form of an association.
