## LES' KEY FIGURES

Established  
in 1985

4 Forest Management  
Units (FMUs)

353,000 ha under  
management

1,100  
employees

120 000 m<sup>3</sup> of  
logs per year

Sales of 70,000 m<sup>3</sup> of sawn timber, 50,000 m<sup>3</sup> of logs  
and 12,000 m<sup>3</sup> of peeled veneers from our own  
processing units and partner units.

### OUR MAIN SPECIES

Ayous, Sapelli, Fraké, Iroko,  
Sipo, Afrormosia, Ilomba

### OUR MAIN MARKETS

Europe, China, Malaysia,  
United States, Türkiye

### OUR CERTIFICATES

- FSC® 100% - FSC® CoC (Chain of Custody)
- OLB CoC (Chain of Custody)

### OUR MAIN EQUIPMENT

- 3 sawing lines
- 3 peeling lines
- 1 plywood line
- 3,500 m<sup>3</sup>/month drying capacity
- 924/966/980 machines
- Drying cells with a 2,500m<sup>3</sup> capacity
- Moulders
- Sanding and grading machines
- Etc.

### OUR PRODUCTS

- Logs
- Lumber
- Sawn timber

## OUR BEST PRACTICES

### EXAMPLES OF ACTIONS TO PROTECT THE RESOURCE

Participation in the FMU Reforest project. This project aims to contribute to the sustainable management of lumber production forests:

- Reforestation in FMUs
- Gathering of seeds and production of seedlings in nurseries
- Enrichment of exploited and damaged areas

### EXAMPLES OF ACTIONS TO PROTECT WILDLIFE

Anti-poaching actions conducted with authorities:

- Surveillance with camera traps
- Identification of areas at a high risk of poaching
- Wildlife inventories
- Alternatives to bushmeat consumption (income-generating activities, commissaries)

### EXAMPLES OF ACTIONS IN FAVOUR OF INDIGENOUS POPULATIONS

Support for schools (classrooms, teaching materials, school supplies, tables, benches). Periodic consultations, with the assistance of our sociologist, using participatory mapping to identify sites that are sensitive for local populations (Baka). Areas identified during this process will be excluded from logging.

### EXAMPLES OF ACTIONS IN FAVOUR OF EMPLOYEES

- Information / Raising awareness / Training
- Provision of Personal Protective Equipment
- Rescue and first aid training in the workplace
- HIV/AIDS educators
- Occupational medicine and emergency evacuation systems
- Access to health centre for staff families and free medicines
- Employee housing and construction assistance
- Facilitated access to banking services
- Provision of a wide range of food products in the commissary
