

# Introducing data collection portal

Mark van Benthem, Probos

## Introducing Thémis

A tool to support SFM by introducing, improving and monitoring progress within STPPs of TTF's in key tropical timber consuming countries in Europe.

# Builds upon experience with working for over a decade with NTTA

## Select product groups

Please select the product groups you have imported and bought on the domestic market in 2020.

### Sawn timber, panels and mouldings

- ☐ Sawn timber [?](#)
- ☒ Particle boards [?](#)
- ☐ Fibre boards [?](#)
- ☐ Veneer [?](#)
- ☐ Plywood [?](#)
- ☐ Decking [?](#)
- ☒ Other mouldings [?](#)

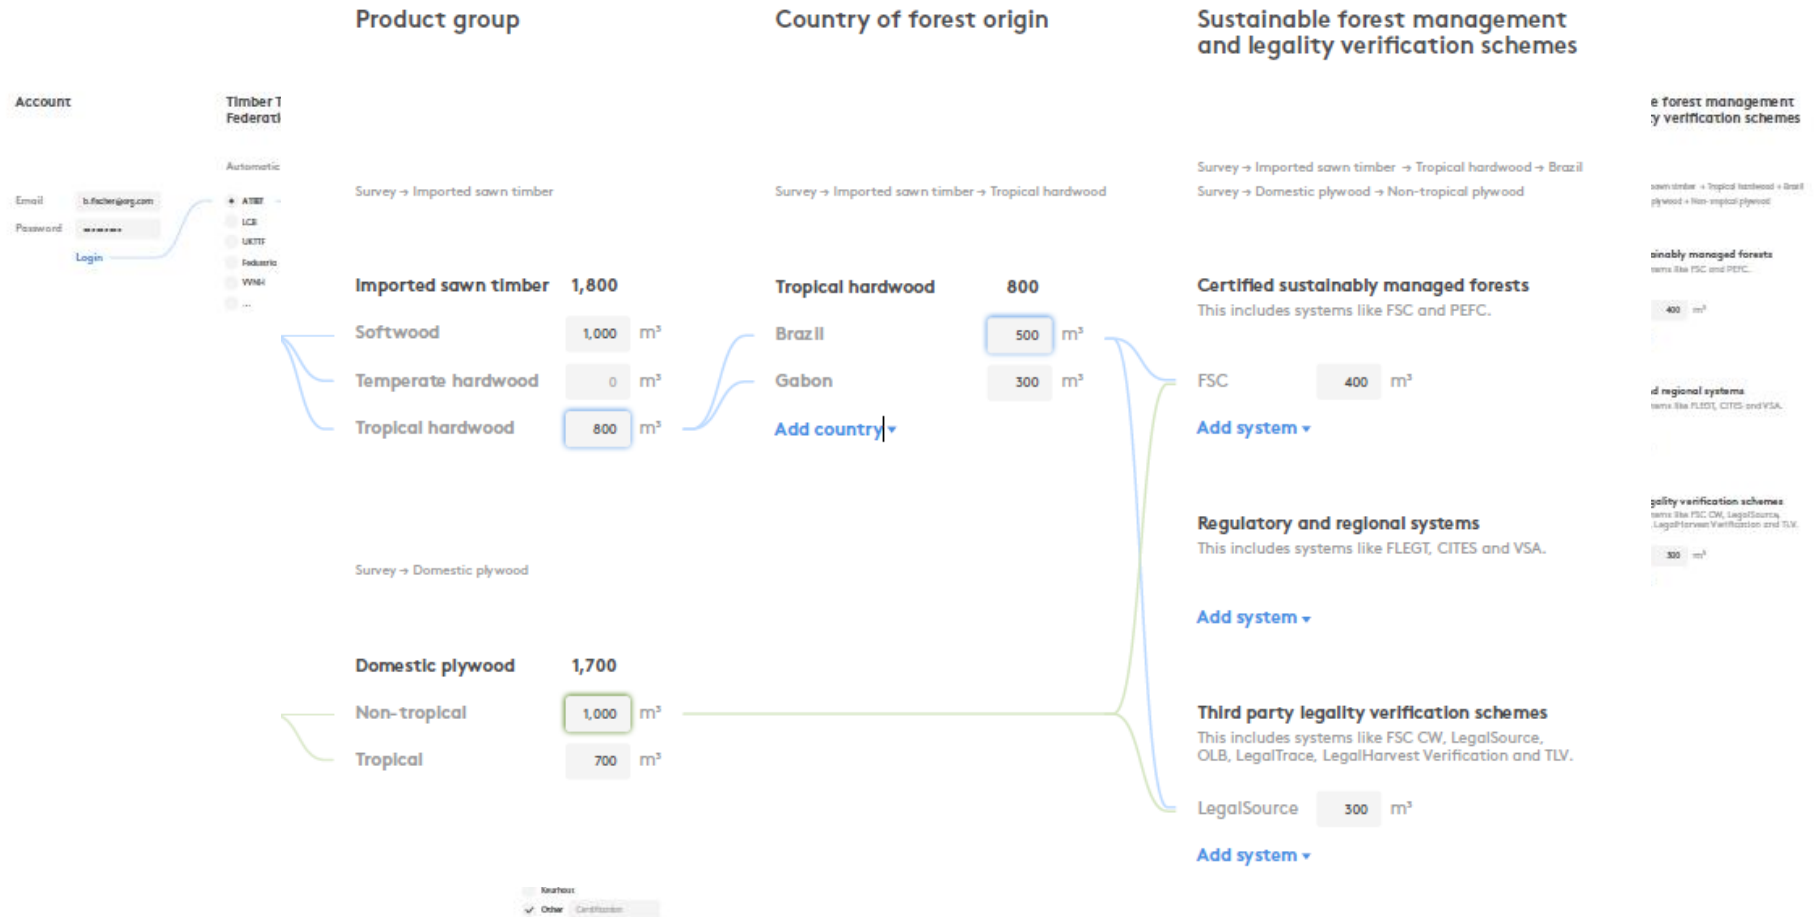

### Joinery products

- ☒ Doors & accessories [?](#)
- ☒ Windows [?](#)
- ☐ Shuttering [?](#)
- ☐ Shingles & shakes [?](#)
- ☐ Posts & beams [?](#)
- ☒ Flooring [?](#)
- ☒ Other joinery [?](#)

### Other product groups

- ☒ Sawlogs [?](#)
- ☒ Poles [?](#)
- ☐ Engineered wood products [?](#)
- ☐ Fencing [?](#)
- ☒ Others [?](#)

# Basic set-up (flowchart)

# Timeline and activities

		Months after signing contract																	
Activity		1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
Phase 1	1. Identify the topics and scope for a STPP which can be monitored via the tool																		
	2. Develop the user-friendly tool																		
	3. Introduce and implement the STPP and portal to a minimum of three organizations.																		
	4. Analyse and report the outcome of the first year of data gathering.																		
Phase 2	5. Incorporate outcome on mytropicaltimber.org and fair-and-precious.org																		
	6. 3 Workshops to discuss the outcome of the first survey and help identify follow-up actions.																		
	7. Communicate the result																		
	8. Outreach to other TTFs + ETTF																		
	9. Projectmanagement, incl. reporting																		

=> Aim basic version up and running Spring 2021

# Next steps

1. Discuss proposed content and gather input partners
2. Secure funding
3. Determine what is feasible within budget
