

CALL FOR INFORMATION FOR ENTERPRISES IN THE TRINATIONAL DJA-ODZALA-MINKÉBÉ (TRIDOM) LANDSCAPE

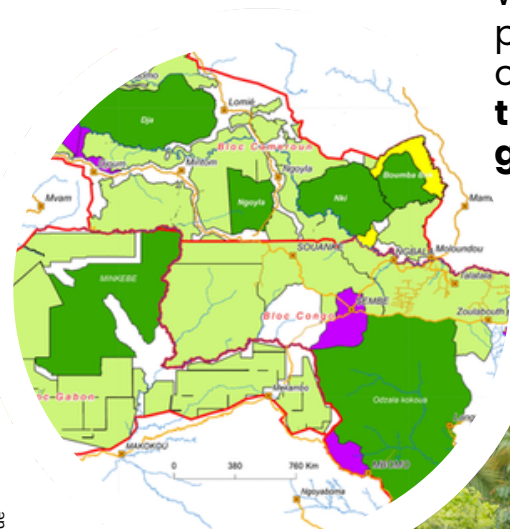

Funded by European Union & Implemented by WWF

FORESTRY, CACAO AND OTHER GREEN ECONOMY OPPORTUNITIES

WWF is working with the EU, under the NaturAfrica programme, to identify investable green economy opportunities across the TRIDOM landscape – **and connect them with the technical support and investors needed to grow.**

WE WOULD LIKE TO HEAR FROM YOU IF:

- You run a commercial enterprise active in or connected to TRIDOM landscape
- You work in one of these sectors:
 - Forestry • Cacao • Non-timber forest products • Aquaculture • Off-grid energy • Nature-based tourism • Rubber • Artisanal mining • Oil palm
- Your activity operates commercially or has a credible path to doing so
- It brings benefits for nature and for local communities as well as your business

WHY RESPOND?

Selected opportunities can receive support including:

- ✓ Help building a clear, investable business case
- ✓ A safeguards review to strengthen credibility with investors
- ✓ Support preparing investor-facing materials (e.g. a pitch deck)
- ✓ Access to expert advice and practical tools
- ✓ Introductions to investors and donors, including at a dedicated investment event

This call does not provide grants or direct funding – selection means support to become investment-ready, not a guarantee of finance.

HOW TO RESPOND:

1. Scan the QR code or click on “Respond Now!”

2. Complete the short response form

Selected opportunities will be contacted directly.

**SUBMISSIONS DUE BY
WED 16 SEPT, 2026**

Responses may be submitted in English or French.
