

30 Years of Tropical Natural Forests and FSC Certification: What We've Learned, and Where We Go Next

CO-ORGANIZED BY : ATIBT & RAINFOREST ALLIANCE

Tuesday, October 28th
8.30-10.00

Pink Pearl Room
Westin Playa Hotel

SESSION SUMMARY

Thirty years after FSC's creation, this session reflects on lessons from tropical regions and explores how FSC can stay relevant amid evolving ecological, social, and market realities. Speakers from the Global South will share insights on advancing sustainable forest management and addressing key challenges, including through landscape approaches and the topic of Intact Forest Landscapes.

Speakers Presentations (10 minutes each)
