

MISSION

Forests For All Forever

FSC® shall promote environmentally appropriate, socially beneficial, and economically viable management of the world's forests.

Forest governance and economic systems in many parts of the world provide greater incentives for deforestation, forest degradation and related social inequities than they do for responsible forest management.

CORE CHALLENGE !

2050 BEACON

A new forest paradigm realized

The true value of forests is recognized and fully incorporated into society worldwide.

2020 Aspiration: Turn the Tide

FSC is the leading catalyst and defining force for improved forest management and market transformation, shifting the global forest trend toward sustainable use, conservation, restoration, and respect for all.

Objective: 20 BY 2020

The FSC share of global forest-based trade is 20%.

STRATEGY 1

Strengthen the FSC framework & governance

Streamline standards, increase consistency, improve governance and develop new forest solutions.

STRATEGY 2

Increase market value of FSC

Rapidly expand consumer preference, overcome market barriers and create new market opportunities.

STRATEGY 3

Transform the way we work

Globally align functions, deliver world-class service and promote institutional knowledge.

4

COMMITMENTS

1 Increased focus on outcomes

FSC will deliver meaningful impact, report on outcomes, and refine the system accordingly.

2 Empowerment of People

Through our actions, FSC will empower smallholders, women, communities, workers, Indigenous Peoples and other under-represented groups.

3 Mission advancement through alliances

FSC will advance impact by working more closely with complementary and aligned organizations.

4 User orientation

FSC will renew our entrepreneurial spirit and shift processes to emphasize the needs of the users of our system.
